

SWEDEN - 4 Nights 5 Days - INR 250,114 PP

Day 1

As you touch down in the Arctic city of Lulea, we transfer you to your hotel for check-in. In the evening meet your tour escort at the hotel reception and enjoy the rest of the evening by exploring the festive-lit streets or cozy up indoors for a good night's rest.

Lulea is the capital of the region known as Norrbotten County. It is the northernmost city of Sweden and can be found on the northwest corner of the Gulf of Bothnia. It is a small, laidback city with more than its fair share of world-class restaurants and a perfect base point for many Arctic activities in Sweden.

Day 2

After a warm breakfast, it's time for the main event. You will head out on a 2-hour ICEBREAKER excursion. Listen to the sound of ice blocks being crushed against the hull of the boat. Go for a walk on the frozen sea and enjoy a hot drink on the ice. Challenge the laws of nature in safe and comfortable conditions on the ice-classified vessel Polar Explorer. You will have the opportunity to swim among the ice floes in a survival suit or go for a walk on the ice. Note: Warm clothes, shoes and equipment are included.

Later, we return to the hotel in Lulea and enjoy the evening at leisure. Lulea is a coastal city in Swedish Lapland. It's known for the Gammelstad Church Town, a cluster of well-preserved wooden houses and the stone Nederlulea Church from the 1400s. In the city center, Norrbottens Museum showcases local history, art, and culture. Offshore, in the Bay of Bothnia, there are more than 1,000 islands with beaches, cottages, and seals.

Day 3

Breakfast at the hotel. In the morning, enjoy an exciting dog sledding adventure. An experienced instructor will guide you through the basics, including how the sled works and how to harness and connect the dogs to the team. Once the dogs are ready, it's time to set off. Your guide will drive first,

leading the way through the forest. Along the route, you'll pause for a short break and switch drivers. Upon returning to the camp, warm up with hot drinks and sandwiches served in a cozy barbecue hut.

In the afternoon, you have the option to visit a moose and reindeer park. Here, you'll have the chance to see the largest wild animal in Scandinavia up close—'The King of the Forest'. If you're lucky, you may even get to feed the moose from your own hand.

In the evening, you'll be picked up from central Luleå for a Northern Lights hunting tour. To view this spectacular phenomenon, you'll head to remote locations with clear skies and no artificial lights. If the weather conditions are favorable, you'll have a great chance to witness the magical Aurora Borealis. This activity begins late in the evening (8 pm approximately) and lasts approximately 3 hours. During the tour, you'll visit at least three different locations. If you're fortunate enough to see the Northern Lights, you'll have plenty of opportunities to take stunning photos. The guide will also share interesting facts about the Auroras, and you'll be treated to a traditional Swedish fika—a sweet snack and a warm drink.
